Organized at the world's leading institutions

Supported by the USA National Institutes of Health

Catalyzing win-win collaborations for global health and development

How the Summit Works

Every Global Health Catalyst Summit session follows the same collaboration journey:

💡 **INSPIRE: Inspire Action with** Visionary and highly educational keynote lectures and Catalyst Spotlights that highlight high impact initiatives, challenge conventional thinking and inspire new possibilities and Catalysts.

↓

🤝 **ACTIVATE: Activate Collaborations with Catalyst Townhalls:** Interactive town halls, and working discussions that connect leaders across academia, healthcare, government, industry, philanthropy, faith organizations, patients, diaspora, celebrity advocates and other communities.

↓

🚀 **ACTIVATED COLLABORATIVE ACTION:** Each session concludes with concrete next steps, including new partnerships, implementation priorities, funding opportunities, C4 Working Groups, and follow-up activities that can be sustained through the AI-powered C4 platform.

Organized at the world's leading institutions

Supported by the USA National Institutes of Health

Catalyzing win-win collaborations for global health and development

PROGRAM

DAY 1 — Friday, September 18, 2026

Location: The Richard B. Simches Research Center at Massachusetts General Hospital, Harvard Medical School
185 Cambridge Street in Boston, Massachusetts

Connecting global leaders. Inspiring bold ideas. Launching transformative collaborations.

OPENING CEREMONY • WELCOME RECEPTION • NETWORKING

4:00 – 5:30 PM	**Registration, Networking & Campus Experience** Welcome to Harvard/MIT. **Featuring** • Registration & Badge Pick-up • Guided tours of Harvard/MIT, and other innovation facilities • Networking Café
5:30 – 7:00 PM	**Global Health Catalyst Opening Ceremony** • Welcome, GHC Directors, Harvard/MIT Leadership, Mayor of Boston • Recognition of international delegations and distinguished guests • The Global Health Catalyst Pledge: Committing — To CARE - Care for the whole person - Advocate across boundaries - Research to transform lives - Educate a new workforce • Introducing the AI-powered Comprehensive Cancer/CARE Center in the Cloud (C4) Connecting: Care, Advocacy/Outreach, Research, Education through year-round collaboration. • **Fireside Chat: featuring Patient Advocates, Students/Young Catalysts, Industry leaders, and other stakeholders**
7:00 – 8:00 PM	**Welcome Reception and Networking** • Building Tomorrow's Partnerships: Enjoy dinner, music, and different cultures while connecting with global leaders from academia, government, industry, philanthropy, patient advocacy, faith organizations, and civil society. Featuring: • Meet the Outstanding/Distinguished Speakers • Meet the funders/sponsors, Global Cancer Financing Platform, Global Health Bond Exchange (GLOHBX) leaders • Meet the Young Global Health Catalysts • The Arts for Global Health • Regional/Country Delegation Meetups • Preview the technologies/approaches that will shape the future of Global Health, including C4 Whole Person Healthcare Kiosks, AI, Quantum, Block-chain, Virtual Reality, Hologram technologies.

DAY 2 — Saturday, September 19, 2026

Location: The Richard B. Simches Research Center at Massachusetts General Hospital, Harvard Medical School
185 Cambridge Street in Boston, Massachusetts.

CARE & COMMUNITY

Building Better Health, Together

C4 CARE, OUTREACH

8:00 – 9:00 AM	**Registration & Networking Breakfast** Exhibits by industry and partner organizations; Global Health Bond Exchange (GLOHBX) exhibits for global cancer financing; C4 Whole Person Health Kiosks; AMPERE/Young Catalyst showcases
9:00 AM – 10:30 AM	**C4 CARE: Comprehensive Cancer/Care Center in the Cloud powered by AI** How we can deliver world-class cancer care to every person, everywhere. Chair(s): Prof Stephen Avery, GHC Director, University of Pennsylvania; Dr Nadeem Pervez, General Secretary, AMSTRO (Asia and Middle East Society of Therapeutic Radiation Oncology) **Session Overview:** This summit session focuses on the Care pillar of the Comprehensive Cancer CARE (Care, Advocacy/Outreach. Research, Education) Center in the Cloud (C4) platform, covering the future of comprehensive whole person healthcare from: early detection/diagnosis, treatment, survivorship, and palliative care. **Inspire Action: Visionary Keynote + Young Global Health Catalyst Spotlight** • 9:00 am: Welcome • 9:05 am: Keynote by Dr Cheryl Willman, Professor and Executive Director of Mayo Clinic Cancer Programs (nationally and globally) and Director of the Mayo Clinic Comprehensive Cancer Center • 9:25 am: Young Global Health Catalyst Spotlight: Gianluca Lorenzoni **Activate Collaborations:** • **Key Remarks and Collaboration Catalyst Townhall with Oncology Society Presidents & Cancer Center Directors and C4 AI technology leaders** • 9:30 am: Introduction of Leading Professional Society Leaders and Cancer Center Directors from the USA and globally including Prof Cesaltina Lorenzoni (President of the African Organization for Research and Training in Cancer); Prof. Dr. Suzana Manxhuka-Kerliu, (President of the Mediterranean Task Force for Cancer Control (MTCC), Prof Julie Gralow (Chief Medical Officer of American Society of Clinical Oncology; Medecin Colonel KOUMBA Arnaud Boris (Director of the Akanda Cancer Institute Gabon); Dr Orem Jackson (Director of the Uganda Cancer Institute); PJ (Founder and CEO of VIBRENT Health, USA) • 9:35 am: C4 CARE Collaboration Catalyst Townhall: Townhall with the introduced leaders. • 10:20 am: Global C4 Collaboration Example Highlight featuring Her Royal Highness Princess Dina Mired (Honorary Ambassador of the Global Health Catalyst)
10:30 – 11:00 AM	Break and Networking
11:00 AM – 12:30 PM	**C4 Outreach: First Ladies Collaboration Catalyst** How First Ladies can be supported to mobilize global action for health and human development. Chair(s): Dr. Aditi Hazra (Harvard Medical School, Mass General Brigham; GHC Summit Chair); Prof Gevorg Tamamyan, MD, PhD, Editor-in-chief of OncoDaily **Session Overview:** This summit session brings together First Ladies, highlights their high impact work and collaboration opportunities. Building on the leadership of the Organization of African First Ladies for Development (OAFLAD) and other regional and global networks, participants will share their stories, highlight opportunities to strengthen strategic partnerships with institutions in the United States and around the world, launch collaborative initiatives, and advance a shared action agenda toward the Global Health Catalyst Forum in Libreville, Gabon (June 2027)—envisioned as the emerging "Davos for Global Health." **Inspire** • **11:00 AM Welcome & Introduction** Setting the vision for the role of First Ladies in advancing global health and human development through collaboration.

	• **11:05 AM First Ladies Vision Remarks** *First Ladies share their "story" and vision for the work they do in their countries, share about the value of international collaborations, and highlight one priority international partnership or collaborative initiative they would like to see over the coming year* • **11:25 AM Young Global Health Catalyst Spotlight** A Cancer survivor/patient advocate. **Activate** • **11:30 AM First Ladies Collaboration Catalyst Townhall** Special Recognition of First Ladies, and a moderated dialogue on mobilizing strategic partnerships across government, academia, industry, philanthropy, youth, faith organizations, and civil society to accelerate measurable action for health and human development. • **12:20 PM Launch of the Global First Ladies Collaboration Initiative** A collaborative platform to strengthen international partnerships among First Ladies, governments, global institutions, philanthropy, industry, academia, and civil society. • **12:25 PM Announcement on the Global Health Catalyst Forum** **Libreville, Gabon | June 2027** *The emerging "Davos for Global Health."*
12:30 – 2:00 PM	Catalyst Collaboration Café: Networking Lunch; Industry demonstrations; AI Showcase; C4 Healthcare Kiosks; GLOHBX micro-demo; Poster/book discussions
2:00 – 3:30 PM	**C4 Outreach: "The Davos for Global Health" Collaboration Catalyst** How we transform breakthrough ideas into global implementation. Chair(s): Prof Saiful Huq, GHC Director, University of Pittsburgh Hillman Cancer Center; Dr. Fleury Augustin Nsole Biteghe (GHC Director, Northeastern University); **Session Overview:** This summit session focuses on the need/vision for a "Davos for Global Health", engages with different stakeholders, and highlights support/implementation partners and collaborative Memorandum of Understanding working with the Ma Banniere Foundation **Inspire** • 2:00 pm: Welcome • 2:05 pm: Keynote Remarks: - Honorable Minister of Health of Gabon • 2:25 pm: Young Global Health Catalyst Spotlight **Activate** • **Gabon 2027: "The Davos of Global Health"** • 2:30 pm: Introduction of Key Leaders including Gabon Senate President • 2:35 pm: Collaboration Catalyst Townhall with different stakeholders: including Senate President, Minister of Health, Finance Institutions/Sponsors, Diaspora, academic institutions, innovation and implementation leaders, celebrity and grassroots patient advocates, • 2:20 pm: Announcement of Action Plan for Gabon 2027 and Collaboration MOU
3:30 – 4:00 PM	Break and Networking
4:00 – 5:30 PM	**C4 CARE: Whole-Person Health (Integrating the Physical, Mental, Spiritual, Social dimensions of health) as the future of Global Health** How we care for the whole person, not just the disease. Chairs: Professor Kenneth Ngwa (Director of Religion and Global Health Forum, Garrett); Dr Sayeda Yasmin-Karim. MD, Faculty, Harvard Medical School **Session Overview:** This summit session focuses on Whole Person HealthCare as the future of Global Health, and how we can collaborate across disciplines and sectors to democratize access to quality whole person healthcare powered by the C4. **Inspire** • 4:00 pm: Welcome • 4:05 pm: Keynote Speaker, Prof. Peter Mageto (Vice Chancellor of Africa University, Mutare, Zimbabwe) • 4:25 pm: Young Global Health Catalyst Spotlight

	Activate • **Collaboration Catalyst Townhall on C4 Whole Person Health** • 4:30 pm: Introduction and Framing • 4:35 pm: Collaboration Townhall on Whole Person Health: including: Dr. Gloria Ekpo (Founder Health Kiosk for All); Prof. Michael Balboni (Pastor and Professor, Harvard Medical School); Dr. Fadzai Mukora Mutseyekwa (Clinical Research Director, Africa University); Jochen Kirsch (Director of Mission 21) • 5:20 pm: Session Outcomes - Collaboration MOU to Establish the Whole Person Health Center of Excellence as a model for adoption/adaption and scale supported by the C4 and Timelines
6:30 – 8:30 PM	**C4 Outreach: GHC Collaboration Networking and Awards Dinner** **Celebrating Catalysts and outstanding individual leadership.** Chairs: H.E. Dr Brylyne Chitsunge, Pan-African Ambassador for Food Security, CEO El Passo Farms, South Africa; Celebrity Cancer Advocate; Dr Yan Susu, Faculty at Harvard Medical School **Overview:** This Awards Dinner celebrates catalysts, individuals, and distinguished leaders whose work is having major impact in their communities and globally. With Inspirational stories and recognition of outstanding leadership, the evening celebrates the power of people catalyzing collaboration to create lasting impact. **Celebrating** • Catalyst Stories – Inspiring stories of Global Health Catalysts impacting communities & the world. - Special Remarks by Gabon Minister of Defense on the Akanda Cancer Institute - Stories by Patient advocates and community leaders sharing stories of hope, resilience, and impact. • Catalyst Art/Expressions – Global Health Artists sharing artistic and cultural performances on health in their communities or globally, highlighting the value of the Arts for Global Health and celebrating the diversity and unity of the Global Health Catalyst community. 🏆 Global Health Catalyst Leadership Awards • Honoring outstanding leadership in innovation, collaboration, and impact for global health and development. • Presentation of the Global Health Catalyst Leadership Awards for exceptional leadership in advancing global health and development. • Honorary Awards celebrating the work of First Ladies having major healthcare impact

Organized at the world's leading institutions

Supported by the USA National Institutes of Health

Catalyzing win-win collaborations for global health and development

DAY 3 — Sunday, September 20, 2026

Location: The Richard B. Simches Research Center at Massachusetts General Hospital, Harvard Medical School
185 Cambridge Street in Boston, Massachusetts.

BUILDING THE ECOSYSTEM

Healthcare Systems strengthening, innovative collaborations, diaspora, and faith-based organizations working together.

C4 OUTREACH & GLOBAL HEALTH FINANCING

Capital, Community & Commissioning

8:00 – 9:00 AM	**Registration & Networking Breakfast** C4 Whole Person Health Kiosks; Global Health Bond Exchange (GLOHBX) exhibit; AMPERE/CaREER/Young Catalyst Program posters
9:00 – 10:30 AM	**C4 Outreach: WHO Resolution Implementation Collaboration Catalyst** How we turn global commitments into measurable action Chair(s): Prof Hedvig Hricak, Chair Emeritus, Department of Radiology Memorial Sloan Kettering Cancer Center; Dr May Abdel Wahab, Director of the Division of Human Health at the United Nations International Atomic Energy Agency, Vienna Austria **Overview:** This summit session brings together international organizations, ministries of health, academia, industry, philanthropy, and civil society to explore how global commitments can be translated into measurable action. Participants will identify practical implementation strategies, strengthen cross-sector partnerships, and accelerate progress toward strengthening healthcare systems. **Inspire** • **9:00 AM: Welcome & Introduction** Setting the vision for translating global commitments into country-level impact. • **9:05 AM: Implementing the WHO Resolution: From Global Vision to Local Action** Exploring opportunities and challenges in implementing the WHO Resolution through partnerships and innovation. • **9:25 AM: Young Global Health Catalyst Spotlight** Inspiring the next generation of implementation leaders. **Activate** • **9:30 AM: Introduction of Stakeholders;** Including Ministers, Prof Mohammed Fawzi (Ministry of Health and Population, Egypt) and industry leaders including GE, IBA • **9:35 AM WHO Resolution Implementation Collaboration Catalyst Town Hall** A moderated dialogue on mobilizing governments, international organizations, academia, industry, philanthropy, and civil society to accelerate implementation. • **10:20 AM Implementation Partnership Priorities** Participants identify priority collaborations and implementation opportunities to advance before the Global Health Catalyst Forum in Libreville, Gabon (June 2027).
10:30 – 11:00 AM	Break and Networking
11:00 AM – 12:30 PM	**C4 Outreach**: Global Health Financing and Healthcare System Strengthening How we sustainably finance equitable cancer care and global health. **Turning Verified Cancer Care into Investable, Diaspora-Linked Health Infrastructure** Chair (s): Dr Catharine Young, Lead Global Cancer Financing Platform; Christopher Muflam, GHC Director of Global Health Finance/GLOHBX; **Session Overview:** This summit session focuses on innovative financing for Global Health with the Global Cancer Financing Platform that emerged from incipient White House engagements with the global health community, and progress with Uganda as a leading pilot.

	Inspire • 11:00 am: Welcome • 11:05 am: Keynote including on addressing the workforce crisis: Her Excellency Robie Kakonge, Ambassador of Uganda to the USA • 11:25 am: Young Global Health Catalyst Spotlight **Activate** • **Uganda 2026: Launching of the Global Cancer Financing Platform** • 11:30 am: Introduction of speakers/panelists • 11:35 pm: Collaboration Panel Discussions • 12:20 am: Announcement Uganda launch and other countries Action Plan
12:30 – 2:00 PM	Networking Lunch + C4 Implementation & Financing Deal Room (Invite/Curated)
2:00 – 3:30 PM	**C4 EDUCATION: The Lancet Oncology Commission on Workforce Crises; Implementing Calls to Action with opportunity for support by the Global Cancer Financing Platform** How we collaborate to build the workforce of the Future powered by AI Chair(s): Dr Zachary Ward (Commission Co-chair, Harvard TH Chan School of Public Health); Prof Stephen Avery (GHC Director, University of Pennsylvania); **Session Overview:** This summit session focuses on the calls to action by the Lancet Oncology Commission on workforce crises and how we can collaborate to build the workforce of the future powered by AI/C4. **Inspire** • 2:00 pm: Welcome and Overview of the Lancet Oncology Commission on Workforce Crises • 2:05 pm: Keynotes: Cupid Chan (CEO, Pistevo Decision): AI / Quantum AI for decision-making in care; • 2: 25 pm: Young Global Health Catalyst Spotlight from University of Pennsylvania (AMPERE Program Fellow) **Activate** • **Education Collaboration Catalyst Townhall; Building the Workforce of the Future** implementing the Calls to Action of the Lancet Oncology Commission on Workforce Crises supported by the C4 Global Oncology University (GO-U) and GLOHBX • 2:30 pm: Introduction of the Panel including: - Prof Louise Ivers (Director of the Harvard Global Health Institute, Professor, Harvard Medical School) - Honorable Prof Charles Edgard Mombo (Minister of Higher Education and Scientific Research) - Prof Andrew Maidment (Professor of Radiology at the Hospital of the University of Pennsylvania); - Acknowledging: Prof Ahmed Elzawawy (Leader of the Global Oncology Implementation Science Course, Chair of the GO-U Win-Win); Prof David Kerr, (Board of GO-U, Oxford University); Prof Twalib Ngoma, (GO-U Board and GHC Director Tanzania); Prof Eduardo Cazap (Board of GO-U, President of SLACOM, Argentina); GO-U partner Universities across the world (Uzima University, ICT University, University of Jordan, Africa University, etc.) • 2:35 pm: Catalyst Collaboration Townhall/Panel • 3:20 pm: Funding Collaboration Opportunity with ARPA-H, NIH and GLOHBX • 3:25 pm: Launch of collaboration on innovative Oncology training program and curriculum with Oncology AI Professor, to build the workforce of the future via the GO-U collaborative education Platform
3:30 – 4:00 PM	Break/networking
4:00 – 5:30 PM	**C4 Outreach**: Top Diaspora Organization and Faith-/Community-based Collaborations Catalyst. How communities or anyone become catalysts for global health transformation Chair(s): Vivian Birchall (Diaspora leader, GHC Director Media and Communications); Oscar Nebangwa MBA, (Diaspora Leader, GHC Diaspora and Community Outreach Director, USA).

	Session Overview: This summit session focuses on engagement of important communities including the diaspora, faith-/community-based organizations, philanthropic and other stakeholders as catalysts for global health and development and opportunities in synergy with the Global Cancer Financing Platform/GLOHBX. **Inspire** • 4:00 pm: Welcome • 4:05 pm: Keynote remarks by: H.E. Elsie Kanza (Ambassador of Tanzania to the U.S.A); and Jochen Kirsch, Director of Mission 21 • 4:25 pm: Young Global Health Catalyst Spotlight **Activate** • **Townhall** • 4:30 pm: Introduction of key leaders and speakers • 4:35 pm: Catalyst Collaboration Townhall with key leaders including: including Dr Simon Manga (Assistant Professor, University of Alabama at Birmingham); Prof Laurie Elit (Professor Emeritus at McMaster University, Canada; Dean of Mbingo Baptist Health Services, Cameroon); Dr. Yemi Agboola (Astute NP Healthcare Solutions LLC); Rev Maureen Gerald (Founder of Momentum Counseling and Senior Pastor, First Baptist Church of Princeton) • 5:20 pm: Outcomes: Announcements of partnerships/collaboration commitments in synergy with the Global Cancer Financing Platform/GLOHBX and new funding opportunity for implementation.
6:30 – 8:30 PM	**C4 Outreach: GHC Collaboration Networking and Awards Dinner,** ***Celebrating communities, organizations and partnerships transforming global health.*** Chairs: Adriana Sanford JD, (Professor, University of Texas, Arlington); Martina Möllers | CEO and Founder of Marti Connecting Africa, GHC Women's Health Director, Board Member of the RMCH International Board. Dr Beatrice Wiafe Addai (CEO Peace and Love Hospitals, Ghana); **Overview:** This Awards Dinner celebrates organizations whose work is having major impact in their communities and globally and recognizes/initiates new or emerging collaborations for global health and development. **Celebrating Collaboration Initiatives and MOUs** • Inspire2Live • The DEYLIGHT Foundation • The Otumfuo Osei Tutu II Comprehensive Cancer Care Center of Excellence (CCCoE) Ghana • Mediterranean Task Force for Cancer Control (MTCC) • The Grameen Kalyan Bangladesh • The Global Health Bond Xchange (GLOHBX) • African University Center of Excellence on Whole Person Health 🏆 Presentation of Outstanding Organization Awards including • Diaspora-led Organizations • Faith-based Organizations • Industry and Small Business Organizations • Other Global Health and Development Organizations

Monday September 21, 2026

Location: Wyss Institute at Harvard, 201 Brookline Ave., Boston, MA 02215

THE FUTURE

Breakthrough science, AI, quantum medicine, and opportunities for U.S.-Global Collaborations

8:00 – 9:00 AM	**Networking Breakfast**
9:00 AM – 11:00 AM	**C4 RESEARCH:** The Comprehensive Cancer Center in the Cloud (C4) powered by AI as a platform for expanding win-win research collaborations between the U.S. and other countries. Chair (s): Prof Natalie Artzi, (Associate Institute Director, Wyss Institute at Harvard University; Dr Randiak Alaro, (Program Director, U.S. National Cancer Institute Center for Global Health) **Session Overview:** This summit session focuses on how transformative research initiatives supported by the U.S. government with major opportunities for extending this in mutually beneficial research collaborations for global health and development supported by additional public and private sector funding including via the Global Cancer Financing Platform/GLOHBX. **Inspire** - 9:00 am: Welcome to the Harvard Wyss Institute - 9:05 am: Keynote Remarks, - U.S. Senator Ed Markey: Highlighting government funding for research - Rear Admiral Susan Blumental, MD (ret) (Visiting Professor, MIT Media Lab, Former U.S Assistant Surgeon General), on why global health collaborations are critical and can benefit the USA - 9:25 am: Young Global Health Catalyst Spotlight by NIH-funded AMPERE Program Fellow f **Activate** - **Research Collaboration Catalyst Panel/Townhall**: On areas and opportunities to extend U.S. Funded projects globally and seed new win-win research collaborations. - 9:30 am: Introduction of world-leading researchers/leaders including: - Prof Thomas Bortfeld (Professor Harvard Medical School; Dana-Farber Cancer Institute) - Dr Aditi Hazra (Assistant Professor, Harvard Medical School; Broad Institute of Harvard/MIT) - Prof Angela Belcher (Professor at Massachusetts Institute of Technology) - Prof. Etoughe Efe, Jean Emery (Director General of Scientific Research of the Gabonese Ministry of Higher Education, - Prof Jonathan Celli (Professor, University of Massachusetts) - Dr Katy Graef, (Vice President, BIO Ventures for Global Health; AMPERE Program and Consortium for Universal Radiotherapy Excellence (CURE) Clinical trials powered by AI) - Prof Yuri Quintana (Professor Harvard Medical School; Chief of the Division of Clinical Informatics, Beth Israel Deaconess Medical Center) - 9:35 am: Panel/Townhall Discussion on lessons, areas and opportunities for win-win global research collaborations including on low-cost technologies and approaches, AI, and clinical trials - 10:10 am: Roadmap for collaborative research funding supported by the C4, GLOHBX and ARPA-H-NIH funding
10:15 – 10:30 AM	Coffee Break and networking
10:30 AM – 11:30 AM	**C4 RESEARCH: Opportunities for Global Quantum Medicine Collaborations** Chair (s): Dr Gustavo Oliviera, CEO of Quantum Theranostics; Prof Bashkim Ziberi (Director of GHC, Eastern Europe) **Session Overview:** This summit session focuses transformative research work in quantum medicine, including work supported by the U.S. government and major opportunities for the establishment of win-win research collaborations for global health and development supported by by additional funding including via the Global Cancer Financing Platform/GLOHBX. **Inspire**

	• **10:30 am: Welcome:** Chairs' framing (Oliviera & Ziberi): "Quantum for Whole-Person Health" — Quantum Theranostics (QTX) as the bridge from UnB's quantum lab to the C4 mission • **10:35 am**: **Young Global Health Catalysts from Brazil:** **-** Rafael Kessler Ferreira: "the Kessler Formula — from combinatorics to surface codes and medical imaging. September deliverable: publication draft + live Python demo - Lucas Freitas Vieira (Young Catalyst): quantum cybersecurity — QRNG for medical-records encryption. September deliverable: working QRNG / encryption proof-of-concept **Activate** • **Research Collaboration Catalyst Townhall** • 10:45 am: Introduction of speakers • 10:50 am: Speakers; including: Professor Erno Sajo, UMASS Lowell on quantum & medical-physics frontier; Lucas Freitas Vieira + Prof. Filippo Ghiglieno on Quantum biology & the UnB–UK quantum collaboration (shared talk); • 11:20 am: RAISES × UnB × QTX Young Catalysts — program overview: vision, partners, the QTX 5-pillar scientific bridge, and the four-phase learning path (Filippo's quantum video games → holograms → ghost imaging → full collaboration program)
11:30 AM – 12:45 AM	**C4 RESEARCH & EDUCATION: Opportunities for Phytomedicine/Food as Medicine Collaborations** Chairs: Dr Bilinga Tendwa, Director GHC Global Phytomedicine Institute; Prof Sandra Carillo MD Professor University of Panama/Colombia **Session Overview:** This summit session focuses on transformative collaborative research and education opportunities for global health and development with a focus on phytomedicine, new understanding and opportunities in Food as Medicine, including engagement on new funding opportunities at ARPA-H. **Inspire** • 11:30 am: Welcome • 11:35 am: Keynote Speaker: Dr Ngeh Toyang, CEO Flavocure Biotech and potential ARPA-H PI • 11:55 am: Young Global Health Catalyst Spotlight, Dr Carolina Carbonell Breebaart, MD **Activate** • **Collaboration Catalyst Townhall** • 12:00 pm: Introduction of Speakers • 12:05 pm: Collaboration Panel; including: Dr Eric Tanifum, Professor at Baylor College of Medicine; Paul Obame, CEO Ibogab Inc. USA/Gabon; Dr Charlie Ware (Founder Healing Blends Global); Dr Arthur Ajwang (Faculty, Uzima University Kenya, GHC Country Director Kenya), etc. • 12:40 pm: Launch of the Collaborative Global Oncology University Food as Medicine Education Program
12:45 PM	• New Funded Global Research Collaboration initiative with the C4 powered by AI (C/O Wil Ngwa) • Closing and C4, Food as Medicine Networking, Collaboration Lunch
